

[2-10 Home Buyers Warranty](#)[®] provides the industry's leading structural home warranty coverage that reduces builders' risk while giving the homes they build a competitive edge. With over \$250 million paid in structural defect claims, 2-10 Home Buyers Warranty[®] has helped builders protect their home buyers and their business.

We can provide coverage for new, remodel, light, commercial, structural, and rebuilt construction, as well as green products (including condos and multi-family). "We help you sell more homes with less risk."
