Dale Yerabek

[Northwest Independent Contractors Association](#)

Dale Yerabek, has been a specialty roofing and general contractor over 20 years. He brings real-life experience to his safety courses, which specialize in ladder safety, fall protection, and respiratory protection programs.

Alex Zimmerman

[Creative Courses, LLC](#)

Alex Zimmerman, Creative Courses, LLC, is a certified professional in Erosion and Sediment Control Land and brings over 20 years of large scale construction experience to his classes. Approved by the Department of Ecology as an instructor for Certified Erosion and Sediment Control Lead (CESCL), Zimmerman has been recognized by associations and agencies for his professional course preparation and delivery. Focusing on productive site management, large disturbance, linear and single-family construction as well as restoration and emergency landslide repair, his experience adds to his informative trainings in real world compliance issues for construction sites. Zimmerman assists project teams with planning and site audits to identify potential problems more effectively and to ensure regulatory compliance. When Zimmerman is not teaching, he volunteers his time with local watershed steward associations and assists the National Resources Defense Council and Waterkeepers with policy issues.
